

# NORTHERN GOLF CLUB CORPORATE GOLF

18-hole championship golf course located only 20 minutes from the CBD and 10 minutes from Melbourne Tullamarine Airport. Corporate hosts can display signage on the golf course, clubhouse and the golf carts are equipped with GPS that can advertise hole sponsors throughout the golf course.

## 18 Hole Corporate Day

The traditional way to host a corporate day. A full round of golf where players spend about an hour before the round to register, enjoy catering and network with other clients. 4.5 - 5 hours is spent on course playing in their group, leaving one -1.5 hours to have lunch or dinner.

## 12 Hole Corporate Day

A 12-hole corporate day is a fantastic way to get clients spend more time networking before and after the round, while still enjoying a game of golf. Sometimes eighteen holes can be too much and nine holes not enough. The round typically only takes about 3.5 – 4 hours, freeing up more time before and after the round to host a lunch or dinner with guest speakers, presentations and more.

## 9 Hole Corporate Day

Ideal for smaller groups with time restrictions. Perfect after a seminar or training session held at the club. Usually takes 2-2.5 hours to play and held after lunch or late afternoon.
